

The Ultimate High Performance Cutting Lubricant

JET KUT 85XP

Stoughcool's Jet Kut 85 XP is a low viscosity high performance cost effective multi-purpose cutting oil. It is formulated with a special combination of extreme pressure additives that achieve excellent lubricity performance. Stoughcool Jet Kut 85XP contains a highly refined mineral oil base that results in a cleaner and purer product than that of other typical cutting oils. Additionally, it's a lower viscosity cutting oil than most typical cutting oils and offers better penetration and heat dissipation with a much cleaner machining result. It's an excellent choice for screw machines, general cutting, threading, gear cutting, deep hole drilling, gun drilling and can also be used in swiss style machines. It is recommended for ferrous metals. It can possibly tarnish brass or copper if not cleaned immediately.
