

The Ultimate High Performance Cutting Lubricant

JET 9

Stoughcool's Jet9 is a game changer! As a heavy-duty chlorine-free hybrid Micro-Emulsion for both ferrous and non-ferrous materials. Formulated with polar lubricity agents that extend tool life Jet9 keeps machines running clean and free of bad odors associated with bacteria. Using our C80 Shield™ Technology Jet9 is bio-resistant against bacteria and mold and provides excellent sump life measured in years! Jet 9's is operator friendly because its tight formulated emulsion rejects tramp oil to the top of the tank making for easy tramp oil removal.

Jet9 offers these advantages for:

- Heavy-duty chlorine-free hybrid Micro-Emulsion formula
- Bio-resistant extends sump life measured in years
- Great for high pressure systems, low foaming
- Formulated with polar lubricity agents to extend tool life
- Uses C80 Shield™ Technology eliminating sump stench
- Extremely stable even in hard water conditions
- For cutting ferrous and non-ferrous materials
- Operator favorite, tight emulsion easy for tramp oil removal
- Boeing BAC 5008 Revision U Compliant

STOUGHCOOL
WE KNOW COOLANT.

Appearance	Yellow to Light Amber
PH@ 5%	9.0
Density lbs./gal.	8.2
Grinding Dilution Recommendation	3%-to-6%
Machining Dilution Recommendation	5%-to-12%
Refractometer Multiplier	1.0
