

Premium High Performance Swiss Machining Oils

JET SWISS CHROME

Stoughcool Jet Swiss Chrome is a premium low-viscosity swiss oil formulated using the highest grade of synthetic oil recommended for multiple swiss machining applications. It is formulated with high lubricity additives to meet the most demanding machining applications. Additionally, this premium synthetic oil is inhibited for oxidation and air entrapment and is also recommended for high pressure applications. It contains wetting agents for better cooling properties and provides much better performance than traditional mineral oil based products. Stoughcool's Jet Swiss Chrome is recommended for both ferrous and non-ferrous metals. It will outperform refined petroleum oil-based products, by reducing smoking, misting, and degradation due to temperature.

Specific Gravity	0.859
Density (lb. gal)	7.17
Flash Point, °F	>350
Viscosity, cSt at 40°C	7.5
Viscosity, SUS at 100°F	~50
Cu Corrosion, 24hr Ambient	1A
Cu Corrosion, 3hr @ 130°F	1A
