

STOUGHCOOL

WE KNOW COOLANT.

E20TX

Stoughcool E20TX is a clear, bioresistant light-to-moderate duty synthetic cutting and grinding coolant for shops working multiple metals in a variety of operations. This product has been formulated to provide excellent lubricating, cooling, and corrosion inhibition properties in grinding and machining applications. Stoughcool E20TX is recommended for a wide variety of metalworking operations including CNC milling, turning, drilling, boring, tapping, threading, and grinding. It is compatible with a wide range of materials including carbon steel, cast steel, high alloy steel, stainless steel, and cast irons. Stoughcool E20TX is a true, multi-purpose product that is ideally suited for those customers that prefer to use one metalworking fluid throughout the shop. It can be used in "stand-alone" machines and central systems.

LAB DATA

| LAB DATA | |
|----------------------|-------------------------------|
| Physical State | Light Yellow/ Clear Liquid |
| Odor | Mild |
| Solubility in Water | Soluble in Water |
| PH 5% mix | 9.2 |
| PH Concentration | 9.8 |
| Residue | Liquid Film |
| Refractometer Factor | 3.7 |

Advantages

- No sump stench, no bad odors
- Extremely long sump life
- Chlorine Free
- No DCHA
- Extremely clean
- Low foam, great for high pressure

Stoughcool E20TX does not contain nitrites, sulfur, chlorinated EPs, phenolic biocides or DCHA. Not for use on Magnesium.
